RE: Kee Branch Water and Sanitary Sewer Improvement  
Drainage Improvements for Little Creek Court

Dear Arlington Water Utilities Customer:

We appreciate your patience during construction in your neighborhood to replace aging water, sanitary sewer and stormwater mains. Improving these services is our goal. This letter is to answer some questions you may be having related to the construction in the Parliament and Andalusia area.

**What has been accomplished?**

- Sanitary sewer mains in Parliament, Andalusia, Lansingford, Lordsburg, Cliff Nelson Park and Green Oaks median
- Sanitary sewer services in Parliament and Andalusia
- Water mains and services in Parliament and Andalusia
- Stormwater pipes in Parliament north of Andalusia
- Street reclamation in Kee Brook/Antony Court area

**What is the contractor working on?**

- Sanitary sewer services in Lansingfords and Lordsburg
- Water mains and services in Lansingford and Bright Star
- Stormwater pipes in Parliament south of Andalusia

**When will the construction be done?**

The project is on schedule to be completed before the end of December 2016. A monthly project status update is available at <http://www.arlington-tx.gov/water/construction-activities>, located under Kee Branch Water and Sanitary Sewer Improvements and Drainage Improvements for Little Creek Court.

Once again we appreciate your patience during this project. If you have any questions or concerns during construction, please contact Danny Wilson, City Inspector, at 817-459-6550 or me at 817-459-6636 or [Lori.Du@arlingtontx.gov](mailto:Lori.Du@arlingtontx.gov).

Sincerely,

*Lori Du*

Lori Du, P.E.  
Civil Engineer  
Water Utilities Department

**This project includes water, sanitary sewer and stormwater infrastructure improvements. Each main is installed separately and at different depths. These updates will encompass:**

- ✓ **2 miles of 15 to 27-inch sanitary sewer**
- ✓ **1.75 miles of 8 to 12-inch water line**
- ✓ **More than a ¼-mile of 24 to 42-inch storm pipe and box culvert**
- ✓ **Almost 7 acres of asphalt pavement**
